Dear Ms. Sapp:

Congratulations on making the PRO 100 list for being among the 100 most popular profiles on the Production HUB website. The Glendale Media Center (GMC) did a fantastic job hosting media for Super Bowl 49. Your contribution to one of the Valley's most incredible and successful events is greatly appreciated and truly invaluable.

It's successes like this that help further elevate our state as a world class destination for our worldwide visitors.

Again, congratulations!
